Subject: RE: Thank You

Dear Dave,

After our first meeting to apply for Social Security Disability I felt a great burden being lifted off my shoulders. The person who had recommended Dave to me is someone I have a great deal of caring and respect for.

At my lowest point and my health deteriorating I knew I needed help. You assured me right from the beginning that you would be there for me through the whole process, and you were. Having won my case on appeal was a great triumph for us both.

There is no way I could thank you enough for all you have done except to let people know what a wonderful, compassionate man you are. Your experience, diligence and knowledge is extensive and just what I needed. So give Dave a call if you need help. I highly recommend him.

Sincerely,

Maryann
